BRONZE IS THE NEW GOLD

The last time such astonishing field hockey was played at Brentwood was 13 years ago, when our coaches, Alex Miller & Rachel Renolds, as seniors, earned a medal at Provincials. Now, as coaches of the Field Hockey First XI, these two Brentonians had a diverse group of athletes to coach and motivate. After our amazing Grade 12s graduated last year, many of us were worried about the First XI of 2021. Would it be possible to arm the girls with wooden sticks & have them run the field without injury? Only time would tell.

We began the season with more than half of our team new to Brentwood. In our first tournament, the Friendship Cup, our goal was to get to know each other & see how we played as a team. We won the tournament & the returning players knew it was going to be a promising season. Our coaches realized our team had a lot of potential so they stepped up the practice pace to prepare us for the games ahead. It wasn't long before our motivation & participation were strengthened & put to the test. For example, one minute late for practice was one intense set of running lines. Nobody wanted to be that person so we arrived at the field as a group, worked hard, & left as a team.

We were the team everyone was talking about - this amazing Mill Bay group - & we were the ones everyone wanted to play. We traveled to Vancouver to participate in ISAs to play some of the best teams in BC. We had our wins, losses, ties & shootouts that led us to become stronger & prepared us for Provincials, where all the hard work would pay off.

Going into Provincials, we were ranked 8th after a difficult time at Islands. It was necessary for us to rally, regroup & refocus. The competition was fierce: we needed to believe in ourselves & step onto the turf with confidence & positivity. Each of the six games reminded us of our grit & determination & through our hard work, we earned a third-place finish for the first time in thirteen years. No matter what anyone says, thirteen is not an unlucky number observed Ms. Rogers.

MRS WHITNEY'S LITTLE RASCALS

During the first term of sport, there are three field hockey teams: 1st XI, 2nd XI, and Development. This means that regardless of skill or experience, there is a team for everyone who wishes to play the wonderful game. I have been lucky enough to play on the 2nd XI team with 18 other hardworking and talented girls. I can confidently say that we have been working tirelessly to improve our field hockey skills as the strong team we are and we have made great progress.

On this talented young team, there are ten Grade 12s, who sure has helped Mrs Whitney during practices and games. These wonderful 12s put their leadership skills to the test as they assisted the younger girls during drills, encouraged teammates on and off the pitch, and stayed positive during the toughest games. We also have three Grade 8s who practice with us from time to time. The range of ages and skill levels on the pitch at any given moment is a reminder to all of us to support one another and remain determined.

Whether it be practicing in the pouring rain in Duncan, or scrimmaging on the sunlit turf beside Foote, the grit this group has shown must not go unnoticed. Though it may take some convincing, or even bribes with DQ Blizzards, the 2nd XI goes to Duncan once a week to practice on a water-based turf.

Our ironic and loving coach, Mrs Whitney, provided this quote: "It makes me so happy to see them having fun all of the time and see their level of perseverance under all kinds of stresses".

As our season comes to an end, Reese Van Oostrom says, I am going to miss this team so much and I am very proud of how far we have come. On that note, I would like to thank Mrs Whitney, Ms Legassicke, and Mrs Warner for all of their dedication to the program. The hard work they have put in to help us improve and have fun is greatly appreciated.

(top row) Mr. Aidan Hepburn, Mr. Doug Branchflower, Tavin Miller, Hamish Gullison, Luke O'Connor, Julian Bishop, Oliver Balek, Peter Dryden, Felix Buziak, Grady Norris, Rudolf Kruger & Mr Philip Smith (bottom row) Cole Curtis Chesters, William Hawkins, Marcus Hogan, Jack Shortis, Lauchlin McKinnon & Owen Powell.

Our rugby team had a successful season. Led by Captain and Energizer-bunny Lauchlin McKinnon, the group developed quickly, and was, by seasons end, an established outfit. Indeed, the coaches noted how enjoyable this team was, due to each players willingness to learn. At the Sevens, Peter Dryden established himself as a prolific try-scorer who could out-swerve anyone. On the same day, Grade 8 stepper Rudolf Kruger dazzled his way through defenders in a full-length try which was the seasons best.

Our XVs game against SMUS was another great day; we beat them emphatically on the back of smart play by Jack Shortis, and the victory was doubly sweet on account of our heavy loss to them only weeks before. Another highlight was our defensive work; led by courageous Marcus Hogan, the team snapped into line and snuffed out attacking opportunities. A final highlight was our last game against Shawnigan; despite miserable conditions, flyhalf Julian Bishop attacked the line with urgency and set up several tries. Things are looking good for the rugby program.

Bringing home Brentwood's first ever Provincial Soccer Championship, it was a historic season for our Senior Boys team. The key was not that everything went right, but rather that we responded to our challenges with a never-give-up attitude. We started off our season with the ISA Championship and hit the ground running. Claiming gold with a 3-0 win over St Georges in the finals set the tone for the season and set our expectations for the year. Coach Barrett ensured we didn't focus on these results, but rather we got right into training.

An undefeated regular season took us into North Islands, where our growth as a team was put on display. By the time we had secured our birth into Provincials, the season had taken its toll with two Captains suffering MCL injuries. However, others were ready to fill these roles and despite coming in as the lowest seed, we left as Champions. When the final penalty shootout was won, we knew that our group had earned it, and Brentwood history had been made.

(back row) Mr Paul Collis, Mr Toby Collis Handford, Christopher Shum, Harper Pickell-Topale, Rowan Thompson, Carlos Sandoval Ortega, Isaac Koontz, Peter Dryden, Bruno Cavina Frachey, Milan Pasquale, Colby Hale, Tomaz Lawson Forbes, Eric Caballero Llobet, Kainan Robinson, Mr Michael Veenema & Mr Daniel Millar (front row) Sam Boteng, Samuel Blundell, Finn Watt, Samuel Debes, Maurice Tarrab Maslaton, Georg Woernle, Youto Imai & Chad Munro.

Never is the beautiful game more rambunctious than when played by Brentwood Junior Boys. Unlike seasoned veterans of, lets say, The English Premier League, players on the Brentwood Junior Boys soccer squad did not have the privilege of a long off-season to train and build chemistry together. Players from all over the globe were thrust into action with their own, unique playing styles. Whether it was the stout Canadian defending of Milan Pasquale, the blinding speed of Mexican striker Carlos Sandoval Artega, or the cerebral Japanese midfielding of Youto Imai, all the boys strived to play as a cohesive unit. And together as a unit they played well.

The lads opening match against local rivals Shawnigan proved to be a great success; Bruno Cavina Frachey's opening goal of the season proved to be the winning goal of that game - a resounding 7-0 victory. Though Brentwood fell short of a podium finish at the Island Championships, the team earned a valiant second place at the ISAs - largely thanks to their ability to communicate effectively and refer back to terminology learned during rigorous training sessions.

If asked to compile a Top Three moments of the year, the answers can be easily recalled. #3: Sam Blundell's breakaway finish at The Islands. #2: Finding Eric's lost cellphone after a perilous trip to the wilderness that is Salt Spring Island. #1: Chad Munro's first goal of his Brentwood career: a thunderous one-time strike that will be remembered for years to come.

It was a pleasure watching the boys grow as players and as teammates. All the coaches are excited to see this year's Grade 9s become next year's Grade 10 leaders.

Mr Toby Collis Handford, Coach

This fall, the Senior A volleyball team, after almost two years or not playing another school, hit the court with gratitude finally having the ability to play other teams. With half the team new to the varsity program, we showed great potential moving into the season. This was evident from day one as all the girls were willing to put in the extra time (even 6am practices) to better the team.

Our season was filled with some tough losses - but also exciting wins. The first couple of tournaments showcased our potential - but also errors and experiences that helped us to build as a team. Playoffs started at North Islands where we pushed through some tough losses and were able to qualify for Islands. At Islands the girls again had a bumpy start to the tournament but we were able to come out with the silver medal - qualifying for provincials.

At provincials the team showcased the best volleyball we had played the whole season taking out 3rd ranked York House in pool play. In the quarters we were down two sets to the 4th seed Langley Fundamental but were able to come back with the win putting us through to the semis. We were up against #1 ranked Abbotsford Christian and suffered a tough loss as well as losing a key player to injury. We then had to bounce back and play York House for bronze. We had a tough loss but finished with an impressive 4th place trophy - the best in many years.

We would like to thank our coaches Ms Jill Fougner and Ms Spencer Manton. If it weren't for them we wouldn't have had such a successful and memorable season.

STRIVING FOR EXCELLENCE

(That page) The team poses on pyjama day (This page; top row) Julian Wan gets ready for a serve receive; Coach Fougner gives the team a pep talk; Jensa Napier-Ganley focusses on the game (middle row) Captain Jocelyn Lenarcic winds up; Alana Harrison at the serving line; Sophie Horn in the air ready to hit the ball (next row) Maxine Pollock & Miranda Navarro Perez on offence; the team smiles after placing 4th at Provincials (bottom row) Liv Stehelin swings hard; Anna Draper warms up before a game.

(back row) Coach Toporowski, Ona Garrigos Pages, Grace Prokopchuk, Caleigh Hedquist-Marshall, Lucy McAllister, Nicole Chan, Lauren Kish, Kiara Jensen & Laila Reed (front row) Valerie Leung, Julia Phillips, Lilly Otto, Elora Walsh, Macy Dewald-Rose & Christine Lee.

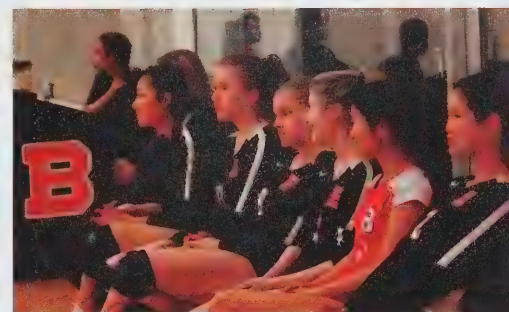

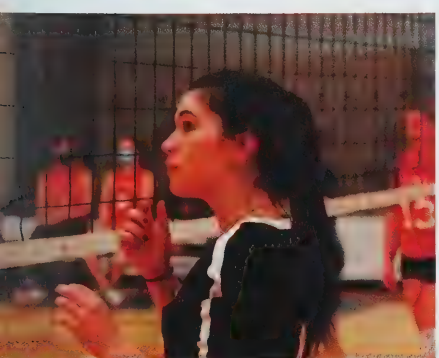

This Senior B team proved to be one of Brentwood's most competitive as their commitment fuelled their success. Immediately, the group set the tone by expressing their collective goals for high-quality volleyball. While the skill level was on par with many of our competitor's varsity programs, our effort was the outstanding factor in performances. Skill development and game knowledge allowed some players to solidify their position, such as Christine Lee with her defensive capabilities and Valerie Leung with her attacking force, while Ona Garrigos-Pages and Grace Prokopchuk stepped up to fill multiple roles. Everyone established themselves as competitive athletes, not just volleyball players.

The team's tenacity sent them to the ISAs in Vancouver, unprecedented for any recent Senior B team. The weekend exceeded expectations as the team came home with bronze medals. We acknowledge stellar performances from middles Caleigh Hedquist-Marshall who went on a 12-point serving run and Lucy McAllister who led our offence with her attacks, as well as our setters Kiara Jensen and Lilly Otto for playmaking. Shout out to our bus driver Bernie.

As driven as this team was, the fun of the sport was not lost. There was just as much dancing on the court as there was diving - perhaps more if you are Laila Reed. It became clear that Julia Phillips could laugh just as hard as she hit, and Brooklyn Foerster could make her teammates smile as much as she does herself. Each player on the team was valued as an individual far beyond their on-court skills.

To the graduating athletes, Elora Walsh, Lauren Kish, Macy Dewald-Rose, and Nicole Chan, from Coach Topper: you were so vital to this team as leaders, and I am very grateful to have been a part of your Brentwood volleyball experience. I hope your skills and ambition keep volleyball in your future!

The team was grateful to be able to play games once again. Volleyball is a sport which the whole team loves, so everyone came to practice with eager minds. The dynamic continually amazed me, as it was one like no other. Every teammate and coach became close friends and supported each other. We started off with an invitational tournament at VIU, followed by another at Camosun. In October, we traveled to Crofton in Vancouver for the ISA Championships where we placed 3rd. Throughout each practice and game, we improved tremendously, and after winning the Mid-Island Championship, we qualified for Islands!

The team was led by fearless Coach Mr Mincker and Assistant Ms Barnes. We had additional support from Ms Fougner and occasionally at our games - Assistant Coach Mr Patel. We are very grateful for all the time they took to instruct us at practice and support us at games. As a team, we all grew both as players and as friends.

Each player on the team has their favorite memory. Simret Sarao, Mackenzie 24 stated "One of my favorite parts of the season was having dinner at Ms Barnes house while at the ISA tournament in Vancouver. After a days worth of traveling and playing volleyball, we were fortunate to be able to have a hot, home-cooked meal as well as some laughs!" This term was definitely one to remember. Thank you all for a great season!

Being on the Senior Development volleyball team was always so much fun even though we didn't win many (any) of our games there was always amazing energy every practice was fun and interesting. Ms. Anderson was an amazing coach who taught us so much and help all of us improve our skills she would laugh along with our stupid jokes and put up with our interesting skills. We all improved so much from the start and even though we never got very good at calling the ball we were pretty good at cheering each other on. This team was the best way to start my Brentwood experience. I cant wait to do it again next year.

The Junior Development Volleyball program was a success this term due to the enthusiastic athletes that we had the pleasure of coaching. The group was split into two teams that played in the Junior B league. These games provided our girls with valuable learning experiences on the court.

We saw great improvement in their skills and were impressed with the leadership displayed by many team members. Ms Robinson and I noticed great potential in many of the players and we look forward to seeing them excel in this sport at Brentwood.

Coming fresh out of a relaxed 2020 season that saw a halt to inter-school racing, the Cross Country team found success and community in an uncertain time. The beginning of the year started with many new faces joining the program, each of which was welcomed into the team with a trail nickname and a personalized handshake with Mr Skardal.

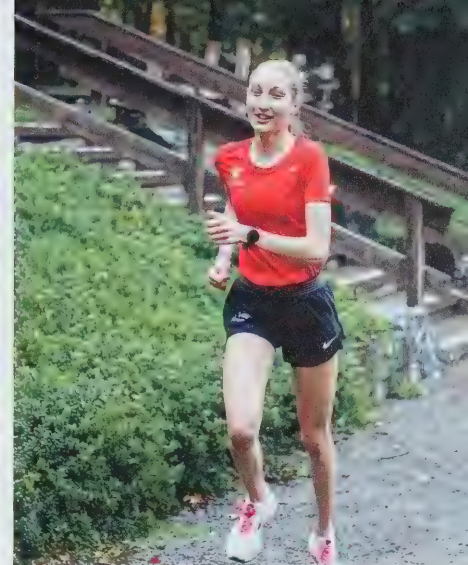

It is a cross country tradition to start each day with a killer ab workout run by Mr Skardal (we were kept motivated by Mrs Reynolds' timekeeping and elevator music). Local runs varied between hill work, speed drills, and the occasional day of Kindergarten games. Destination runs brought us to many exciting trails that added variation to our training program, including Shawnigan and Thetis Lakes.

As Brentwood was unable to have a competitive season in 19-20 despite all our training, we were quite excited to return to competition. The year started with the Second Wind Cowichan Valley Series of four local races where the Grade 8, Junior, and Senior categories had numerous wins and ribbons each time. We later attended the Vancouver Island Cross Country Championships where Neve Martin and Luise Hitzbleck individually qualified for Provincials, alongside our Senior Girls and Senior Boys teams. This success sent ten athletes to Jericho Beach in Vancouver for the BC Secondary Schools Cross Country Championships - a Brentwood record. The day of provincials, there were extremely muddy conditions and surprisingly slippery turns, but each runner performed their best and certainly came away with a life-long memory.

The joys of XC came not just from the results, but the pain we all went through together. Everyone in the program improved by the end of the term, both as runners and as people. We would like to express our profound appreciation for everything Mrs Reynolds and Mr Skardal have done for the program, because without them no part of cross country would be this amazing.

BEAT

BEAT had another very successful year as we had lots of reps wanting to take action - and make fun events for the whole student body to enjoy - all while raising environmental awareness within the Brentwood community.

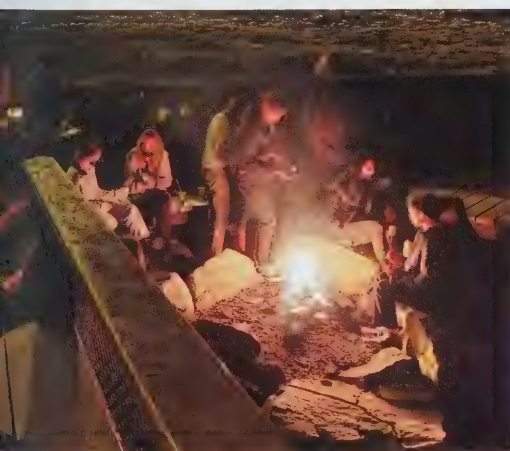

Throughout the year we had fantastic activities starting with a clean up at Somenos Marsh, followed by soup-making for the CMS Food Bank. We had a team bonding activity where we went out for a nature walk and we all had a beverage from an amazing local coffee shop. On the beach, we hosted a bonfire which had an amazing turnout where we had smores, hot chocolate and marshmallows.

Some other amazing initiatives that the BEAT reps came up with this year were prescription bottle recycling and tennis ball recycling which were amazing ideas that we hope to carry on in the future. During Kindness Week we had a card-making activity for Valentines Day followed by the BEAT scavenger hunt that was first introduced last year. Two members from each house were chosen to participate. They answered questions to receive the waste from our volunteers and then they sorted the waste and the team with the best time and fewest errors won. It was a big win for Roger / Allard!

BEAT also made an initiative to reduce the amount of prep snack waste and made a list of what students would like to eat for prep snacks so there would be less waste of food. The BEAT reps also went out for an adventurous beach clean up on a Sunday afternoon - there was quite a bit more garbage than we expected.

This year would not have been this much of a fun and as successful without the amazing BEAT reps and our wonderful teacher sponsor, Mr McCarthy. I want to thank them all for this fantastic year and the support and contributions you have made to the BEAT.

THAT JUST ABOUT TAKES THE BASKET

The team was fortunate to play a full season for the first time in almost two years. With excited energy - but little experience - we were ready to get conditioned in the first term for the season ahead. No one knew what to expect, but we were ready for the journey.

The first scrimmage of the season against Belmont was rusty, but after studying the game film we improved greatly to start the season with a winning streak. After a fantastic regular season, we competed in the Islands & earned second place to gain a provincial berth.

After convincing wins against Hugh Boyd & Pacific Academy, we were pitted against Lambrick Park. We played our hearts out & left everything on the floor but came up short. But in the bronze medal game - the Grade 12s last game ever in a Brentwood jersey - we came out with a commanding win & a bronze medal to bring home to the school.

Awards from the tournament included a first-team all-star selection (Dylan Gage '23) & second-team all-star selection (Buchannon Fritz '22) & recognition as the Most Sportsmanlike Team.

After two years of dedicated work, the Senior Girls reached their goal - a season for the history books! To prepare for a much-anticipated season, the team started practicing in September. Surprisingly, for more than half of the team, it was their first time suiting up in a Brentwood uniform, however, that did not stop us from making history!

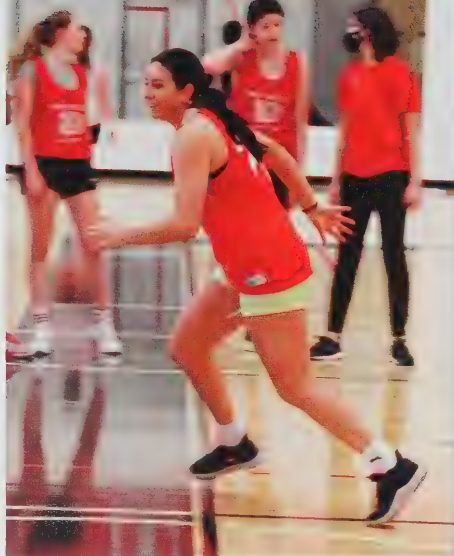

Our season was special. Provincial volleyball pushed back our first game as a team until mid-January, where we kicked-started the season with a nail-biter, ultimately losing by a basket to AAA Isfeld. We quickly learned from the loss and bounced back to beat AAAA powerhouse NDSS.

Each game the team kept growing, and suddenly our underrated bunch became one to beat at the Islands. Going into playoffs, we only had five games under our belt but played tirelessly for a spot in the final. We knew going up against SMUS, a provincially recognized team, wasn't going to be easy. After a fantastic start - up by three - SMUS gained momentum in the 4th quarter and our girls brought home the Silver medal, qualifying for Provincials. We were happy with our performance at Islands, we made a name for ourselves, and proved we deserve to be there this year and in the years to come cheerfully admits Co-Captain Jensa Napier-Ganley, Mack '23.

As the first Senior Girls squad to go to Provincials, our team dynamic sparked through. From our starters to the last bit of our bench, every girl on the team demonstrated tremendous support for one another. After a devastating loss to Southridge, the #7 seed, in our first game, we had a convincing win over St John Brebeuf. Like the rest of the season, we battled against adversity and after I suffered a season-ending knee injury, the team was even more determined to show up. Unfortunately, we fell short and ended the tournament 1-3, losing our last two games by very narrow scores. No team battled like us.

Thank you to our coaches, Ms Napier, Ms Anderson and Topper. If it weren't for them we wouldn't have had such a memorable season. And to #1, #3 and #15 (our Grade 12s Jocelyn Lenarcic, Sophie Bossi & Eric Erikson) - signing out.

With many unexpected COVID cases, stress fractures, and pulled muscles, this season was, without a doubt, a grueling one. For many, this was our first competitive basketball season in two years, and there were rumours of a former Shawnigan coach, Ms Ronnie Brown, joining us.

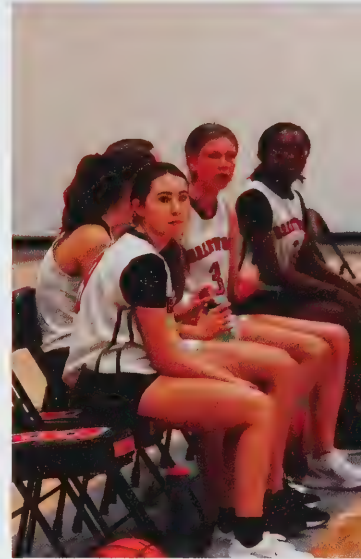

On a cold December day, we ventured to Claremont for our first tournament. The bus ride was buzzing with nerves and excitement. Little did we know that it would be our first and only game with all of our players. Shortly after, we lost both point guards, Peyton Harker to the senior team and Aysha Dajani to a stress fracture. Regardless, we were determined to make the best of our situation and showed tremendous resilience throughout.

Not long after Winter Break, almost all of our players caught COVID and we unable to qualify for playoffs. From there, we practiced and played with the hardworking Junior B Girls team and managed to have fun while continuing to improve our skills. One prominent thing both teams have in common is remarkable grit and perseverance.

Despite the fact that it was not a long season for us this year, our incredible coaches, Coach Brown and Ms Manton - and Mr Gage with the Jr B team - gave us a season to remember. These teams will always have a special place in my heart.

THE BEGINNING OF TRIUMPH

This past season has been full of nothing but success. We began with an open skate to start the season, allowing various girls to tie up their laces and see what hockey is all about, leading to the first Brentwood Girls competitive ice hockey team. Our group of 24 was always motivating each other, constantly improving, and full of passion.

We were incredibly blessed to have Coach Flynn, DeSandoli, Dennis, and Sullivan, who spent endless hours building the team, helping to improve each person's skills. To start, a number of girls strapped on the pads to decipher who would fill the role of team goalie. Emma Powell, Alex 24, was a natural from the beginning, becoming the person to hold us together in each game. No matter our experience, everyone made evident improvements; Assistant Captain Amber Wyse, Alex 22, observed: The skills developed were incredible, and I am eager for the team to continue.

The team was definitely a fierce competitor while playing Shawnigan Lake School and the local women's teams from Kerry Park and Chemainus. Every game was different, both wins and losses, but all similar in the way that new accomplishments were achieved. The girls showed extreme grit while learning new skills and were always excited to step on the ice each session. Coach Sullivan was one of the biggest team supporters, bribing players with donuts, leading to Josephine Pflueger, Alex 24 scoring her first-ever ice hockey goal.

This team has an immense future ahead, considering the high-spirited and talented group that has started it off. Captain Amy Pavlis, Mackenzie 22, expressed I'm proud to have helped lead this team and I'm excited to see the success of the upcoming seasons. The group is full of strong-minded individuals that will lead the team to further achievements.

I'm incredibly proud of the program that has been built and so thankful for the opportunity to be a part of this team and its memories.

WHO NEEDS STAIRS, ANYWAY?

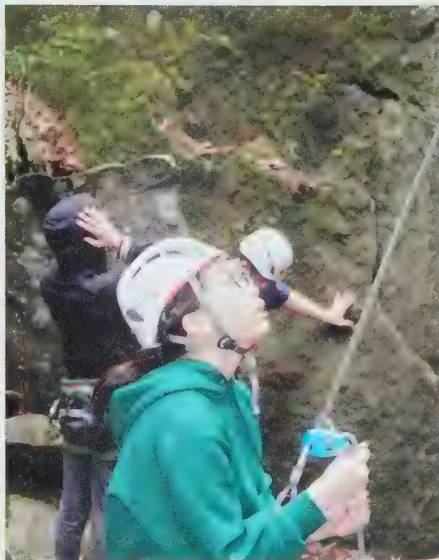

The Brentwood Climbing program flourished this year, with significant new talent joining the ranks of some of our more experienced climbers. Over the course of the three terms, we had the opportunity to experiment with numerous different climbing styles and techniques, as well as participate in competitions hosted across the Island for the first time since the pandemic.

Coaches Ms Wagstaff, Ms West, Mr Hepburn, and Mr Griffiths engaged us all in entertaining exercises that, while seemingly just fun, helped to develop our strength and skills more than we realized. Toward the end of the year, we had the opportunity to venture out to the grandiose cliffs of Squamish, for a three-night climbing expedition.

Activities aside, what made the year most enjoyable for everyone was the tight-knit friendships we all formed over a common interest that is seemingly designed for bonding. From mountaineers, to falling aficionados, we had a group diverse in interests that always helped each other improve. It was a pleasure and an honour to climb with this year's program.

EVERY DAY IS GAME DAY

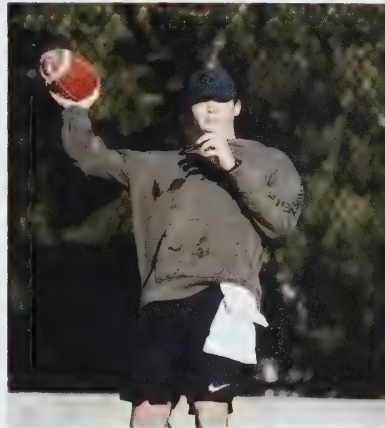

As the first-ever official Brentwood Flag Football season ends, I can confidently say that we have had the best season thus far. A positive environment was carried out throughout the season, even when we played in rain, snow, and ice; the hard conditions helped us really grow as a team.

Our coach, TCH, was not afraid to humble each and everyone of us by catching crazy touchdowns, though it only inspired us to improve. We have gone undefeated the whole season beating both alumni and staff. The staff-student Super Bowl was one of the highlights of the season because everyone's hard work and improvement was shown when we obliterated the staff and left them all with broken ankles.

I believe that the staff-student Super Bowl perfectly sums up our season as we were all shivering together in the pouring rain cheering each other on watching one touchdown after another. I am so glad that I was able to help start this program and to continue its bright future again next year.

We Stand Together

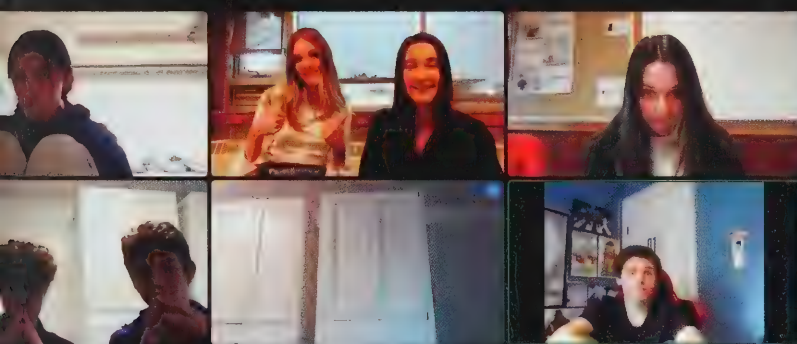

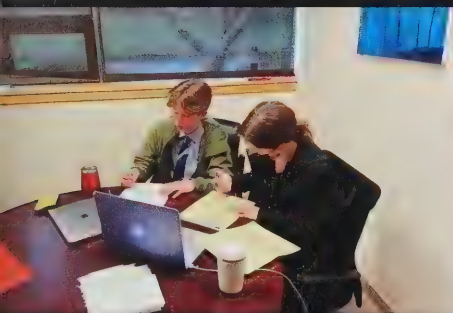

In this time of conflict, the art of civil discourse is highlighted in importance, with debate a key component in the protection of peace and navigation of conflict. Debate, by definition, is a discussion of two opposing viewpoints—something extremely important, but almost totally lacking a functional venue in modern society. Most often noted for how it builds confidence in the individual, as well as help one to learn to express an idea and stand up for and by what one believes in, it actually is about fostering a belief that understanding the other perspective fully by engaging with it in debate prevents the only other option left - Nietzsches will to power, usually by armed conflict.

This competitive year, which has been somewhat halting due to Covid-19 and took place over the two-dimensional Zoom, kicked off with the Vancouver Worlds Schools Tournament, where many new debaters found their feet and displayed true grit, followed by the Croatia Tournament, which saw the team debate at early hours in the morning, against international teams. During Regionals, our junior debaters stole the show, with the much anticipated twin duo of Kennedy and Karter Peterson coming out on top, placing third, as well as Daniel Jennings, the alleged Brit, placing 1st in the senior category with a score of 89.38. In the senior category, we had six Brentwood teams place in the top 10, a demonstration of the level of excellence our programme ensures. Newcomer debaters quickly picked up the skills and, by the end of the year, were competing amongst the best in the school.

The programme has a unique blend of backgrounds, opinions, skills and ages, making the debate team and programme one of the most cozy and inclusive arts at the school. The debate programme has truly flourished under the guidance of Mr Bryant, helping every student reach their full potential as well as building their self-confidence. The entire team will be sad to see him leave at the end of the school year.

This year has been a test for the Sr Boys Rugby team. It was the first competitive team in two years - it was our chance to prove ourselves as a force to be reckoned with. The work ethic I have seen this team put in on and off the field has not gone unnoticed. We've seen the boys work pay off in some of our big wins this season over SMUS and Earl Marriot.

This program has been led by some amazing coaches such as Shane Thompson, Clay Panga, Mike Flynn and Siôn Griffiths - and an incredible leadership team of Grade 12s. We witnessed what this team was capable of in our season opener at home against Saint Michaels University School. All the boys were nervous; for many this was their first game of rugby ever and they were taking a big leap, but our team grew to the occasion and we piled up a flurry of tries for a convincing win.

I'm proud of what the boys have accomplished this season - but we are not done yet. With every game we play and every practice we attend the lads learn new strategies and tactics which improve our game immensely. We keep striving to be better and, hopefully, that hard work will pay off at the Provincial Championships. No matter what happens, I want to say that the boys have been working nonstop for this so it should be a good season. I'm so very proud to be able to lead these boys and I can't wait for the rugby opportunities in their future.

FINALLY ATTACKING THE TRY LINE!

Entering the 2022 season, it was the majority of our teams' first time on the rugby pitch. The players have come together dedicated to creating a positive team environment, as well as progressing individual and collective skills. Our forwards create opportunities with plays like Ginger and Little, and our backs follow through with hot balls and train tracks helping us to move the ball up the field to the try line! We have gained experience through the resilience of our losses, and the achievements in our wins, continuing to build confidence and improve our skills each time we put on our cleats.

Our amazing coaches Mandy Marchak, Mr Dave and Mr Cowie have inspired us through their dedication, experience and knowledge. Our team is built on perseverance, respect and camaraderie. It has been incredibly rewarding to return to games after two years. Our 2022 season has been a huge success creating momentum for years to come. On behalf of the team, we would like to thank our coaches for all their support.

ROWING

For the first time in two years, Covid-19 mitigations were lifted and Brentwood rowers were allowed to have a competitive race season. The coaching teams were given control of their respective programs. With the ability to individualize training programs, they created some of the fiercest crews Brentwood has produced. This was the fuel needed to push each rower ahead as the training intensified.

]The first term, when the top quads were unable to compete at Head of the Charles in Boston, they both brought back gold medals in their 4x+ events at both the Head and Tail of the Gorge Regattas. To show the novices the fun side of rowing, the leadership team, alongside Ms Biesenthal, came up with a Halloween-themed pumpkin carving race, which was won by Felicity Berz and her team.

November to March was dominated by the whoosh of erg fans, as each athlete dedicated themselves to building their internal engines for the upcoming race season. These countless hours paid off when the whole boathouse came together in December and pulled a 2km test where many PBs were made. It was also a new experience for novices to find a new level of grit.

Term three started with a bang as the Junior Men's Lwt 4+ won gold at Elk Lake as the boathouse got their first chance to race since the fall of 2019. Many realizations were made at this regatta, but the main one was that our team was back together and so excited to finally be racing again. As the days got longer, so did the training. For March Break, 40 keen rowers met at Lake Quamichan for an intensive week of training that led to ripped hands, broken oars, and shredded muscles as our fitness skyrocketed. In the following weeks, many erg and water sessions were held in preparation for the 50th Annual Brentwood Regatta.

\With success in all areas of the boathouse at our home Regatta, a team of 50 athletes and coaches will be headed to St. Catharines in early June to face the best our nation has to offer. We revel in the challenge.

SWINGING TO PROVINCIALS

We have had an excellent tennis season this year. After two years of not being able to play at tournaments or traveling off-campus for games, it was so wonderful to be able to compete again. Starting the first term outside in the sun, the autumn days were filled with joy, hard work, & development for all levels. As the season progressed into the winter term, the competitive tennis players moved to Arbutus Ridges indoor courts to prepare for the competitive season. While the second term included plenty of drills & gameplay to further improve the players' skills, it also allowed for joy & bonding of each player on and off the court.

As the season headed into the third term, the sun came back out & we returned to the outdoor tennis courts. Whether it was the hard work displayed by the tennis players or the laughter-filled courts, it was rewarding to see each player grow in the game. It was also amazing to always have the support and wonderful instruction from our coaches Coach Ti, Art, Danny & Shane. Our competition began by playing an exhibition game against Shawnigan. We then displayed great tenacity & came out strong at UBC at ISAs. Our training & dedication set up the boys team to achieve silver & the girls qualified for the bronze match (timed out). The team has improved tremendously and we are excited to take on Islands & Provincials.

LOVE THE GAME

2021 was a great year for Brentwoods Junior Tennis. The first term started off with plenty of sunshine on the courts welcoming back familiar faces along with a multitude of new and exciting players. In addition, there was a change in leadership as Coach Ti stepped up to the position as the new Head Coach. As the season entered the winter term, the competitive tennis players moved off campus to the indoor tennis courts at Arbutus Ridge in the Bubble. At Arbutus Ridge, the players prepared for the competitive season and were able to further improve their skills through training - which included plenty of drills and gameplay.

As the third term approached, the players returned to the outdoor tennis courts as the sun came out to shine again. It was nice to share smiles and laughter as they each progressed their game. To kick off the competition season, some diligent juniors showed great persistence as they played an exhibition game against Shawnigan. Without a junior division this year, many juniors joined the senior team to participate in tournaments. The players have improved significantly and it has been wonderful to see each player develop their skills.

SWING EASY

Brentwood golfers were able to hone their skills at Cowichan GC this season. March and April were rather wet by local standards enabling students to routinely practice on the range and then test their improvement immediately at the course.

This year's group consisted of a wide range of skill levels, all with a common characteristic - a desire to improve their ability to play this beautiful game.

After having competitive tournaments canceled for the past two school years, the competitive team started the season strongly by winning the ISA Golf Tournament for the first time in 20 years by a margin of 26 shots. Captain Lucas Kulai, Whittall 22 was the low individual score for the tournament. T

The strong start to the season is hopefully a catalyst for continued success throughout the remainder of the season.

I was introduced to Brentwood Squash in the last term of Grade 10, and have been enthralled by the sport ever since.

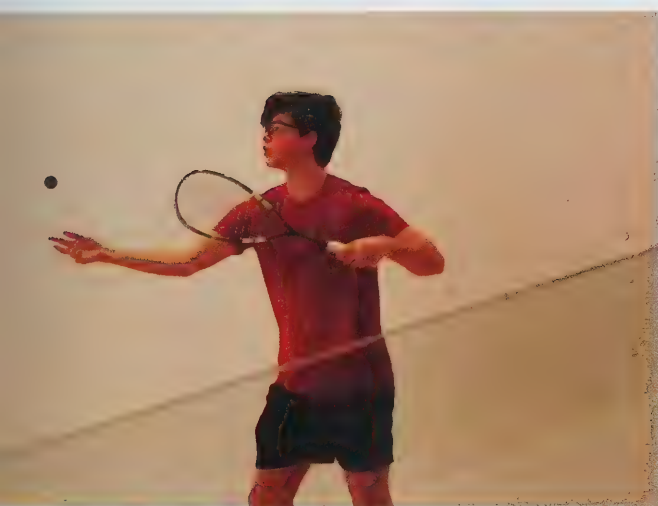

During Grade 11, I was fortunate to enjoy hitting the ball on the school courts nearly every day with our coach, Mr Verna, my peers, or alone. In my final year at Brentwood, I am honoured to serve as Squash Captain.

The Brentwood Squash program is dedicated to creating a positive environment for athletes and improving the skill level of all players from beginners to advanced. Our coaches, Gustavo and Ben, have worked tirelessly to make the Brentwood Squash experience the best possible for every student.

As I reflect on my Squash involvement in my final high school year, I realize how blessed I have been to spend these years as part of the Brentwood team.

The Wonderful eight's

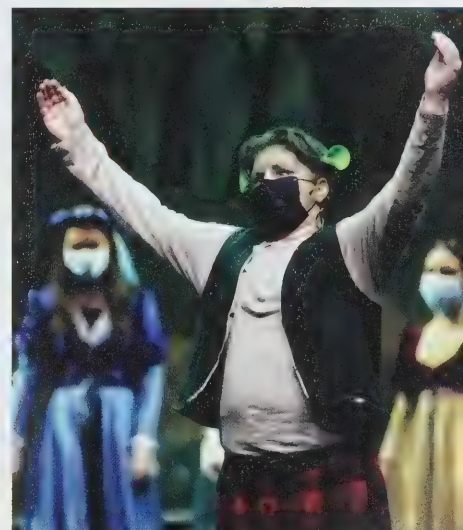

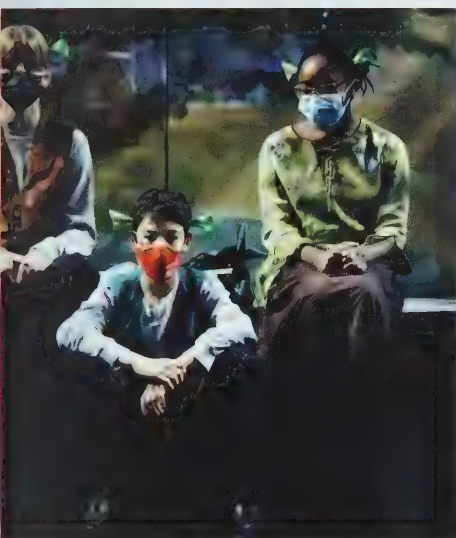

What a joy these amazing Grade 8 students are! Whether playing a game on Crooks Common during break, singing together in music class, or competing in an intraclass World Cup of Rugby tournament for PE, the inclusive and positive energy of these 8s is infectious. These twenty-four exceptional young people came to Brentwood this year, embraced each other and the tripartite philosophy, and thrived in the classroom, on the sports floors and fields, and on the stage.

Who can forget the wonderful presentation of Shrek Jr.? The energy required to put together the musical kick started the year, and the performances received praise from parents, staff, and all eight Brentwood houses. Laughter and raucous applause in the Bunch Theatre is food for the soul! Such artistry was also displayed later in the year as students played guitars and ukuleles together and made a variety of visual arts creations that demonstrated commitment to personal skill development.

Experiential learning is the heart of the Grade 8 Program. As well as those artistic endeavours, students experienced a wide range of sports through their PE program and participated in hands-on science labs, creative inquiry projects, and sewing and gardening lessons. These awesome 8s took their smiles and enthusiasm for experiential learning outdoors, too. A three-day Camp Pringle adventure to start the year established supportive relationships that nourished us for the entire year, and three final days of various outdoor pursuits in June left us exhausted and grateful for a wonderful year of in-person time together.

Yes, there were assignments and essays and tests and homework. There were long days, sports injuries, and the challenges that come with friendships and adolescence. Mostly, though, there were twenty-four exceptional young people living our Grade 8 Program values: be kind, be inclusive, and work hard. Congratulations to the 2021-2022 Grade 8 Program cohort for an exceptional year of learning!

Houses

Alexandra House

September 2021 was quite an eventful time for Alex House as we welcomed 19 new girls into our loving home. Orientation went by fast and after a series of interhouse events and Alex-Whittall bonding sessions, the girls found their places within the house and the classic Brentwood experience we all know and love began.

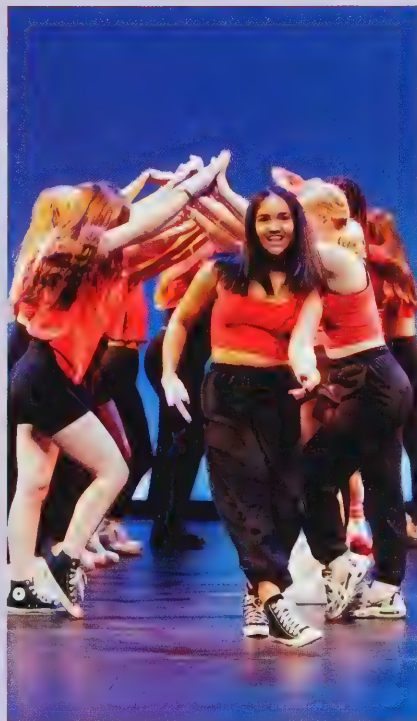

Alex House is a small building with lots of character. It is the people who make it a safe and caring home. Our house sees girls come and go every year, however, Alex makes sure to keep up with traditions such as skating, bowling, snapping, and delicious meals at the Cow Bay Cafe. Along with these old traditions, new ones are made every year such as Mario Kart competitions, Just Dance parties, and hangouts in our new kitchen.

Every girl in the house brings such a presence to our home; with 8s never being in bed on time, 9s who always seem to be on the run, 10s who sign in JUST on time, 11s who bring humour to the house meetings, and the amazing 12 leaders who hold down the house.

Alex is also blessed with an incredible group of duty staff who support us and make our home feel more welcoming. Unfortunately, Mrs. Eileen Mais, our Thursday night duty staff and longtime Alex Houseparent will be leaving our house this year after working here for 28 years; she is an incredible woman and will be missed within the house. We are also blessed to have Mrs. Warner who has been an unbelievable house parent for the past three years and Mrs. Langer who is one of the most genuine people I have ever met. This duo has brought so much joy and excitement to our home and I can not thank them enough for everything they have done for the house.

Goodbye Alex House. Thank you for being my home away from home for the past three years; I will cherish every memory and all of the friendships. I will miss the bunk beds, small closets, little boy blue and the scary dungeon with the mouse traps. Thank you for everything & wishing you all the best.

Lots of Love, Justine Cox, House Captain, Alex '22

Mrs. Warner's and Mrs. Langer's Girls

(That page, top row) Elora Walsh & Lauren Kish; Emma Willman & Sylvia Ejumabone (middle row) Emma Bellamy, Blair Morley & Finna Brooks enjoy Snowball; 12s enjoy a Patel BBQ (bottom row) Neha Verma & Ezgi Kara; Julia Philips, Maxine Pollock & Kiara Jensen love Kindness Week (This page, top row) Sam Davis & Sabina Jelvis are at the Fall Fun Fair; Ava Toijonen & Brooklyn Foerster; Anna Davidson & Isabella Pjecha; Helena Daubner & Treety Jang; Lilly Otto, Skye Paul & Siri Wood are ready for Puffs (middle row) The volleyball team takes the win in Interhouse game; Sara Dichi Cohen, Kiara Jensen & Ella Stone sell beavertails; Jordyn Richards & Skye Paul cheer for the Eco-Challenge; Ava Toijonen, Sofia Shortis & Annika Maiorino party at Rogers Open House (bottom row) Sophie Scott lines up for School Photo Day.

Allard House

The start of Allards 2021-2022 year was certainly one to remember. With the addition of 39 new members of our Coral Reef, the energy of our house was at a new peak during Orientation. We worked with returning members of Allard to welcome girls and get them settled into their new home. With a powerful house of 71 Mermaids, I was stoked to see how our year would progress.

Allard is known amongst many as the chill house. Though full of personality, we take pride in our abilities to form connections with everyone in our house and exhibit robust bonds. The guidance provided by the Grade 12s this year for the younger grades was admirable. We keep in touch with Allard traditions like in-house breakfasts, mermaid tuck-ins, geter done awards, and more. There is always enthusiasm to be found.

We include Mermaids of all backgrounds, not tolerating discrimination on any basis. Our Grade 8s display kindness beyond their years, our 9s are hardworking and adaptable, our 10s are social butterflies who like to cause a ruckus, our 11s are mature and eager to learn, and our 12s are a close-knit group that strives for excellence.

Mrs Amiel, the first and only Allard House Parent I've ever known, has guided girls during her time in Allard and works hard for everyone throughout even the hardest parts of the year. As she steps down as Houseparent, we will always remember her for her youthful attitude, radiant wisdom, and unrelenting care. Mr Smith, our Assistant Houseparent, nourishes the house with his homemade bread and sparks joy in all of us. Alongside our favorite big sister, Ms Barnes, Allard is led by an incredible group of compassionate, intelligent, and lively people who leave a positive impact on our house.

As I continue my journey past Brentwood, I will revere my years in Allard as my second-home and wish the best for the house in the years to come. I thank everyone who has been a loving part of my Allard family. Farewell to the absolute best house on campus. Hopefully I live to see the day we win Interhouse.

Gabi Casals, Allard House Captain 22

Ellis House

Fresh out of the 'dark ages' of Covid and returning to a regular year has been extremely refreshing for everyone. Open houses, no masks, visiting other houses, and, most importantly for the Ellis boys, interhouse events, returned to the calendar. A whirlwind consisting of speed dating, house bonding, and first day of classes introduced us to the bustling Brentwood community and served as precursors for the year to come.

From day one, memories were made with each hallway causing typical grade drama and excitement. Grade 9s arguing over food and refusing to go to bed; 10s too busy getting that last word into their friend about the cute girl they sit across from in math; 11s trying to test how long you'll let them stay up because they're almost 12s. However, they demonstrated strong leadership qualities that will lead the dynasty of Ellis next year.

Turning our attention from the team to the coaches, I'd like to thank each of the duty staff for their significant contributions. We are so grateful for Mr Cowie whose monday night jokes and positivity sets the tone for the week; Mr Skardal whose deep care and intellect provides a trustworthy friend; Ms Balbiani for the endless snacks and jokes she hands out to everyone; Mr Luna for his incredible wisdom that could, somehow, somehow prove that Privett is better than Ellis (probably not though); Mr Hepburn and Mr Ward for your younger presence that lets us have someone to relate to; and finally to Mr Wismer and Mr Barrett who carry this house on their back and have an infinite amount of patience for every boy.

Ellis has been my home for the last four years and I can't say I would be who I am today if it weren't for everyone that I've met here. I will miss the late night BBQ's, wizard with Mr Barrett, the struggles of put to bed, every conversation I've ever had with all the boys, and most importantly, winning Interhouse. I wish each and every one of you the best of luck in whatever you find yourself doing. Thanks to my family and friends of Ellis House. Ellis House, best house.

Hope House

This September, Hope House was flooded with a wave of new students, shifting the house dynamic to be junior heavy. From the very beginning, we knew we had a strong group of Hopelings to fill our house with all the joy and excitement that Orientation always brings. The chaotic first week on campus began with the classic Hope-Privett speed dating, followed by tons of fun within the house. Shortly after, we took 1st place at Fun & Games, which helped us start off the Interhouse competition on a good note. This of course, continued throughout the year, as we won Eco-Challenge and the ever-important Airband competition.

As second term began and the gloomy weather started, we began to appreciate the little things in the house more and more. Tea time with Davey (TTWD) every Wednesday morning, watching movies after sign in on Saturday nights, and bathroom dance parties were all things we relied on to get us through to the sunny, warm, third term. Though we may have struggled with some things throughout the year - like juniors being in bed on time - we've had an amazing year. Speaking for all of the Grads, we'll miss hearing about the Grade 9 drama. We'll miss sitting in the kitchen and listening to the 10s talk about all of their favourite TV show guys, and smiling to all the 11s freaking out about house and school leadership next year.

We've had an absolutely amazing group of duty staff in the house this year. Hope House wouldn't feel like a home without each and every one of you, especially Ms Hedquist and Mr DeSandoli. A special thank you to Sassy, who will forever have a place in our hearts, and Ms Cuk, who is off to bigger, better things in Switzerland. We've appreciated and loved your presence in the house over the past few years, and will miss you endlessly.

As I'm writing this, I'm thinking of the past four years in Hope. So many life-long friendships have been and will continue to be made in these halls. So thank you, to every single one of you amazing girls, for making this house a home.

Mackenzie House

Despite the nervousness, newness, and chaos of Orientation, the new students of Mackenzie promptly adapted to our house culture. Quickly the hallways lost their awkwardness and became the normal Mack commotion. Further flourishing our house's reputation, we collectively continued to be rambunctious, ludicrous and giggling past quiet time.

As the year moved along, we got to know our new family and the aspects each grade brings to the house. The new Grade 9 boarders learned the expectations of daily inspections - except Rylie and Aisha who are still learning how to pass. Grade 10s doubled in size and were always seen laughing or causing disorder. Similarly, the 11s are an energetic group, but they do not lack empathy, strength, and potential. With the leadership turning over to them, I know they will be able to take on Prefect roles, stand up for their peers, and make the current 10s be on time for sign-in. Resilience, reliability, and heart are just some of the qualities that this year's Prefects displayed. As leaders and mentors, they consistently and positively maintained authenticity and accountability in the house.

A tremendous amount of the house's well-being and bliss is owed to the Mack duty staff. Ms Cheung, our courageous Houseparent, maintained order and affection. Mr Robinson (Robbie) hosted his weekly Monday night post-prep tea times where stories were shared and memories were made. Wistfully, an early goodbye was said to these sensational leaders as they took off on an Intrepid Robinsons adventure traveling the world. Stepping up to be the main Houseparent during 3rd term, Ms Nasmith ensured the enjoyment of the last couple of months. She was accompanied in this role by Mack, the newest dog to the house's pack, and Ms Ramsay, in the Assistant Houseparent position. Ms Ramsay's kindness and unconditional love truly impacted each individual in a lasting way. Many other Mack staff are also to thank for their compassion and commitment. It was a great year.

Privett House

As the year comes to a close, Privett House once again showcased what abilities lie in sacred blue blood. Whether it was the wave of Privett barber mullets that flooded the school, or the Head Prefect creating the Average Human Awards, everywhere you turned, there was Privett lighting the way for the school to follow. Following the catastrophic COVID-19 bubble year where life was looking grim, the school called for a spark to get us past these dark times - and guess who delivered? Privett House.

The fresh new brothers of Privett pulled up in style and fit in right away. They took the year by storm as they blew the competition out the water in Fun & Games and Eco-Challenge. Right out of the gate the energy was contagious and it flowed throughout the house. And then of course, came Privett's staple, Airband. The odds were stacked against us as the lingering question "Will Privett get X'ed again" grew louder as rules tightened and Airband approached. Not only did we not get X'ed, we put on a show for the ages. Act after act left the audience in awe. As we walked out of the Killy that day, the boys celebrated knowing they'd put forth a spectacular work of art.

This year has been like no other. After last year, the importance of gratitude was huge. As we stood together behind our phenomenal Houseparents, we pushed through the pandemic as a house to make the year the best. The 9s were constantly bringing charisma, character, and good snacks. The 10s always found a reason to not be in bed on time. The 11s are a group oozing with potential. I can't wait to see what you guys do when you take the throne next year. To my fellow 12s, we've almost made it. As heart-wrenching as it is to say goodbye, the memories and friendships made in those Blue Halls will last for years to come. I'm so thankful to be a part of the brotherhood that we have in Privett.

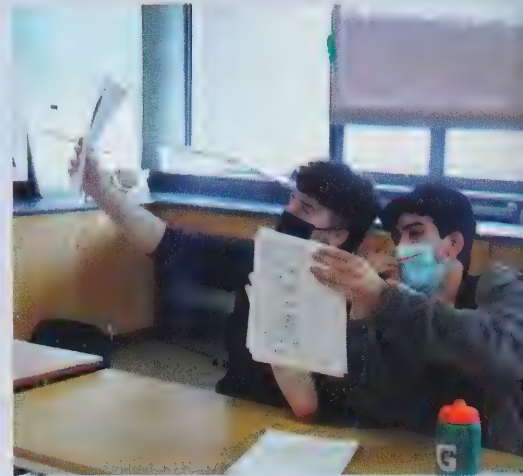

Thank you to our house staff for allowing us to finish the year in one piece. Your presence is valued way more than you realize and we are forever grateful for your time.

Rogers House

Each September, young men step into Rogers for the first time with a feeling of excitement. This school year was no different - 26 new crew members were welcomed by 31 seasoned vets. This left us with a challenge to turn the new lads into proper Rogers gentlemen. The first step was Orientation. All the classics were present: ice breaker games such as speed dating with Allard, duck-duck-goose, and ultimate frisbee. Nathan Carter, '24, might remember this best after putting his all into the game and ending up with a beautiful battle wound. The sacred RAD practice of the boys singing Love Story by Taylor Swift whilst handing a rose to a lucky Allard gal was, of course, present.

Although the Interhouse competition has gone the same this year as others, so has the pure spirit of the house. Assistant House Captain Cannon Fritz says "The authentic aura of the house can be felt bouncing through each room." The remarkable traditions of Rogers have a humbling effect on a young man. For example, "Happy birthday" being yelled directly at you rather than sung.

The boys are proud of the safe and welcoming place we've made, but it wouldn't be possible without help from the Houseparents and duty staff. Mr Thompson offers grit and great rugby advice. Mr Snow, the fearless admiral, leads the ship and is always great to talk to. Mr Millar has been a terrific addition to the crew this year. The boys and I have enjoyed his positivity. Mr Griffiths on Mondays keeps the lads environmentally aware. Tuesday, Mrs Ramundi is always willing to give help in math & science. For the first half of the year, Wednesdays are with Mr Prokopchuk, a math whiz. For the other half of the year, Mr Hernandez, a multilingualist. Thursday, Mr Ross tells the boys all about the current rowing drama. And Friday, the beloved and graceful Mrs Whitney blesses us with her presence.

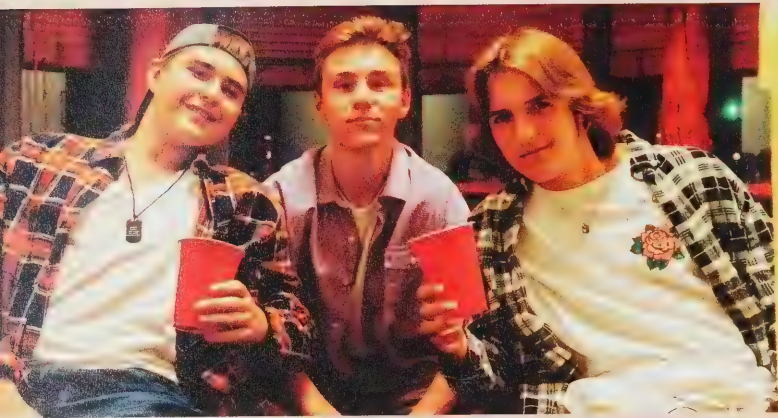

Words cannot express the feeling of gratitude I have for the people I met in Rogers.

Whittall House

Whittall House is home to gym heads, masterchefs, ladies men (obviously), Drake fans, FIFA fanatics, germaphobes, doorknob thieves, and calligraphy artists, all of whom, however strangely, manage to make Whittall a great place to live. The boys of Whittall have had a strong year, taking on school work tenaciously (which is to be expected given our live-in Academic Prefect, Will Pirie) and have pursued athletic challenges with true grit. Of course it would not be Whittall House without some minor misconduct, and although we spent one day without door knobs and a morning without shoes, our energy was generally channeled in a purposeful and legal direction.

Interhouse events have given the Whittall boys an opportunity to demonstrate their Whittall Pride, and the house did so with equal parts volume and body paint. There was always an opportunity to celebrate successes and mourn losses with our Saturday night barbeque, which is both a weekend staple, and a source of jealousy among other houses. We owe thanks to the Grade 9s, 10s, and 11s who, despite complaints, never failed to participate in the creation and cleanup of these delectable meals. Although the boys of Whittall are competent on the barbeque, we enjoyed more fire alarms than we would have liked as a result of irresponsible stovetop cooking - among other things. Incidents aside, the kitchen was well used. Indomie, steak, and rice were all favorite cooking items, and they did their job of fueling workouts, all-nighters, and Superbowl grievances.

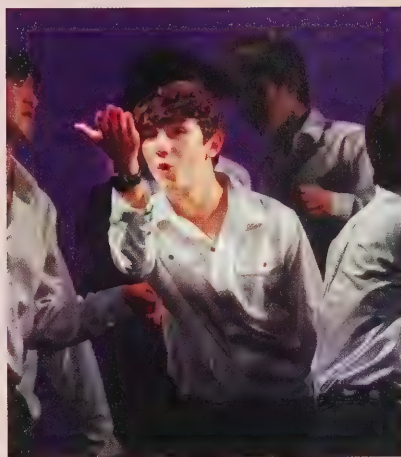

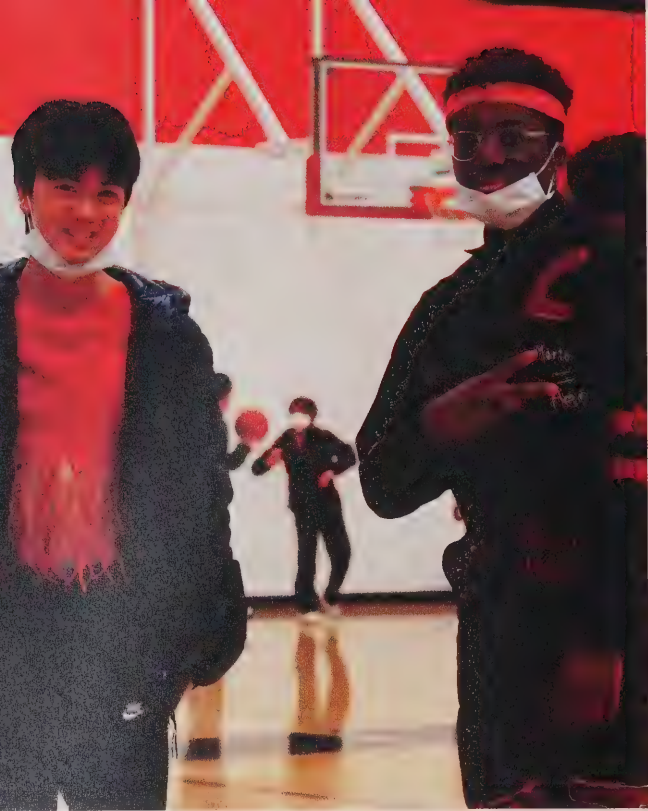

Although Whittall wishes otherwise, a year this good is bound to come with some losses. This year will mark the end of Ms Rogers reign as a Whittall Assistant Houseparent, and, on a related note, likely the last year we will have five house meetings in the span of one week. Ms Rogers has been an integral part of the house, and, frequent meetings aside, the guidance, energy, and insight she brought to Whittall House will be missed: our family will not be the same without her. Despite this, the boys are optimistic for next year: the 11s will have their turn to leave their stamp on the house and with the leadership of Ms Ramsay & Mr Gage, I am sure they will.
